

OPERATION NORTHERN REACH - RED OPERATIONS OVERLAY

Karsovian Eastern Army | Effective 12 September 2030, 0600 local | Fictional terrain map

Approx. 180 × 150 km operational area; 15 km per game hex.

Red Overall Scheme

Karsovian Eastern Army

- **Eastern Army:** The Eastern Army attacks west to seize the crossings and Veyra, retain its objectives, and guard along LOA Block.
- **4th Corps:** The 4th Corps attacks along the northern Ordan Basin and Saren Heights to seize Dalen, North Pass, and Central Link and guard the north.
- **8th Division:** The 8th Division seizes Kasar and North Pass, retains the bridge, and guards Saren Heights up to LOA Block.
- **15th Division:** The 15th Division seizes and retains Dalen and Central Link and guards the northern Ordan Basin up to LOA Block.
- **4th Artillery Group:** The group supports 4th Corps, reinforces 9th Artillery at Veyra, and supports the northern guards and crossings.
- **9th Corps:** The 9th Corps seizes and retains Novar, Eren, and Veyra and guards central and southern Ordan Basin to LOA Block.
- **21st Division:** The 21st Division seizes and retains Novar and Veyra and guards central Ordan Basin up to LOA Block.
- **12th Division:** The 12th Division seizes Selin and Eren, retains Eren, and guards in the Mora Hills up to LOA Block.
- **9th Artillery Group:** The group supports 9th Corps, masses fires for Novar, Eren, and Veyra, and supports guards and retained objectives.

Red PHASE I

Karsovian Eastern Army

- **Eastern Army:** The Eastern Army attacks west to seize Dalen and Novar, secure Kasar, Ruda, and Selin, and fix enemy forces at North Pass and Eren.
- **4th Corps:** As the Army main effort, the 4th Corps seizes Dalen, secures Kasar, fixes North Pass, and prepares for the crossing attacks.
- **8th Division:** The 8th Division attacks to seize Kasar, fixes Blue at North Pass, and repositions for the bridge attack.
- **15th Division:** As the corps main effort, the 15th Division attacks to seize and secure Dalen and blocks the Central Link approaches.
- **4th Artillery Group:** The group supports 4th Corps, prioritizes the 15th Division at Dalen, supports Kasar and North Pass, and conducts counterfire.
- **9th Corps:** The 9th Corps seizes Novar, secures Selin, fixes Eren, and preserves the central and southern routes.
- **21st Division:** As the corps main effort, the 21st Division attacks to seize Novar and fixes or blocks enemy forces west of the city.
- **12th Division:** The 12th Division attacks to seize Selin, fixes enemy forces at Eren, and prepares for the crossing attack.
- **9th Artillery Group:** The group supports 9th Corps, prioritizes the 21st Division at Novar, then supports Selin and Eren and conducts counterfire.

Red PHASE II

Karsovian Eastern Army

- **Eastern Army:** The Eastern Army continues the attack to seize North Pass, Central Link, and Eren, isolate Veyra, and enable Phase III.
- **4th Corps:** As the Army main effort, the 4th Corps attacks to seize North Pass and Central Link and secures their approaches and the northern seam.
- **8th Division:** The 8th Division attacks to seize North Pass and secures both approaches and the division route.
- **15th Division:** As the corps main effort, the 15th Division attacks to seize Central Link, blocks north, and guards the attack flank.
- **4th Artillery Group:** The group supports 4th Corps, prioritizes Central Link and then North Pass, suppresses and obscures the crossings, and conducts counterfire.
- **9th Corps:** The 9th Corps attacks to seize Eren, isolates Veyra, and guards its northern boundary.
- **21st Division:** The 21st Division blocks the Veyra approaches and guards PL Push and the corps boundary while accepting the Novar security gap.
- **12th Division:** As the corps main effort, the 12th Division attacks to seize Eren and secures the crossing approaches and southern route.
- **9th Artillery Group:** The group supports 9th Corps, prioritizes Eren, interdicts reinforcements, and then supports the isolation of Veyra.
